EARTH DAY

On Earth Day, we focus on all the issues that affect our environment, our health, and our communities. We take time to appreciate our fragile planet, and remember that we should treat every day like it's Earth Day.

Bring Earth Day to your patients, staff and visitors with these festive recipes from Campbell Foodservice. Make it even more impactful by utilizing the materials and ideas presented in this thematic module.

History/Fun Facts:

- The first Earth Day was celebrated on April 22, 1970.
- Earth Day kick-started environmental awareness as a cause, leading to many new laws such as the Clean Air Act and the Endangered Species Act.
- In 1990, Earth Day went global, with over 200 million people in 140 countries participating.
